Crystal Ball

ISSUE NO. 70

FEBRUARY 1979

Published monthly by the National Cambridge Collectors, Inc.
To encourage and to report the discovery of the elegant and boundless product
of the Cambridge Glass Company, Cambridge, Ohio

Thoughts from the President - - - -

January is normally our month for re-capping and establishing goals or benchmarks, but it seems that the Holiday Season somehow got in the way of our good intentions.

1978 was a good year for the Club, but not as good as some of us would have liked. We made good progress in three or four of our efforts and had some disappointments in a couple of the others.

Our Quarterly Meeting programs have been excellent and have provided some very educational and entertaining materials. The February meeting with the flower holders and the November meeting with the candleholders were very well prepared by the Committee and well presented. Those that are fortunate enough to live close enough to attend the meetings have been provided with much in the way of good study information. Those of you who have not been able to attend will be able to use the material that was accumulated for the programs by utilizing the slide presentations that were prepared.

The 1949-1953 Catalog Reprint came to us in time to make its debut at the Convention. As

CRYSTAL BALL. Please renew NOW!

with the 1930-1934 Reprint, this catalog has proven to be a valuable tool for the identification of Cambridge. The sales of this book continue to be good and we can look forward to additional income from its promotion for quite a while yet.

The Convention and the Show can be counted as successful accomplishments.

We did not have the good fortune to complete our bookend project in November as planned. It is however, a current project and we will be the first to let you know about it as the information comes to us. We are still awaiting the completion of the mold work. When this is completed it should not be long until we have the bookends.

Our biggest disappointment has been in the area of our Museum. It had been our hope to have a structure for this purpose long before now. Our Chairman has worked diligently and explored many avenues, but obviously, it has not occurred yet. This is a goal that will have to be reset and hopefully we can accomplish it soon.

1978, like most other years, had its successes and it also had its share of frustrations. Now, we must go into 1979 with the thought that we will cause it to have more of the accomplishments and hopefully we will have fewer of the disappointments. Thinking positively can make the difference that will assure good things for N. C. C.

Bill

CAMBRIDGE CRYSTAL BALL

Official publication of National Cambridge Collectors, Inc., a non-profit corporation with tax exempt status. Published once a month for the benefit of its members. Membership is available for individual members at \$10 per year and additional members (12 years of age and residing in the same household) at \$3 ea. All members have voting rights, but only one CRYSTAL BALL will be mailed per household.

Back issues of the CRYSTAL BALL are available to members only, at a cost of 60¢ ea. or 12 issues for \$7.

STUDY Club News

STUDY GROUP #4 - SOUTH FLORIDA

The November meeting of the Florida Everglades Study Group was held in the home of Jim and Carmen Rea on November 21, 1978. This was our third meeting and we welcomed two new members, bringing our total membership to eleven.

Our program for the month was "Cambridge Colors". In preparation for our meeting, our hostess had done considerable research, using back issues of the CRYSTAL BALL. Every member and Study Group should have copies of these back issues, as there is a lot of information in them that is not available elsewhere.

Carmen had prepared papers for us to use as we discussed and compared colors. Lively discussion occurred concerning many of the colors — particularly about the "blues". Many Cambridge colors were to be found on the large table. Most noticeable by their absence were opaque colors. They are very hard to find in South Florida.

After refreshments, we all departed, confused over colors and wondering if we would ever get them straight. Until next month - Good Hunting!

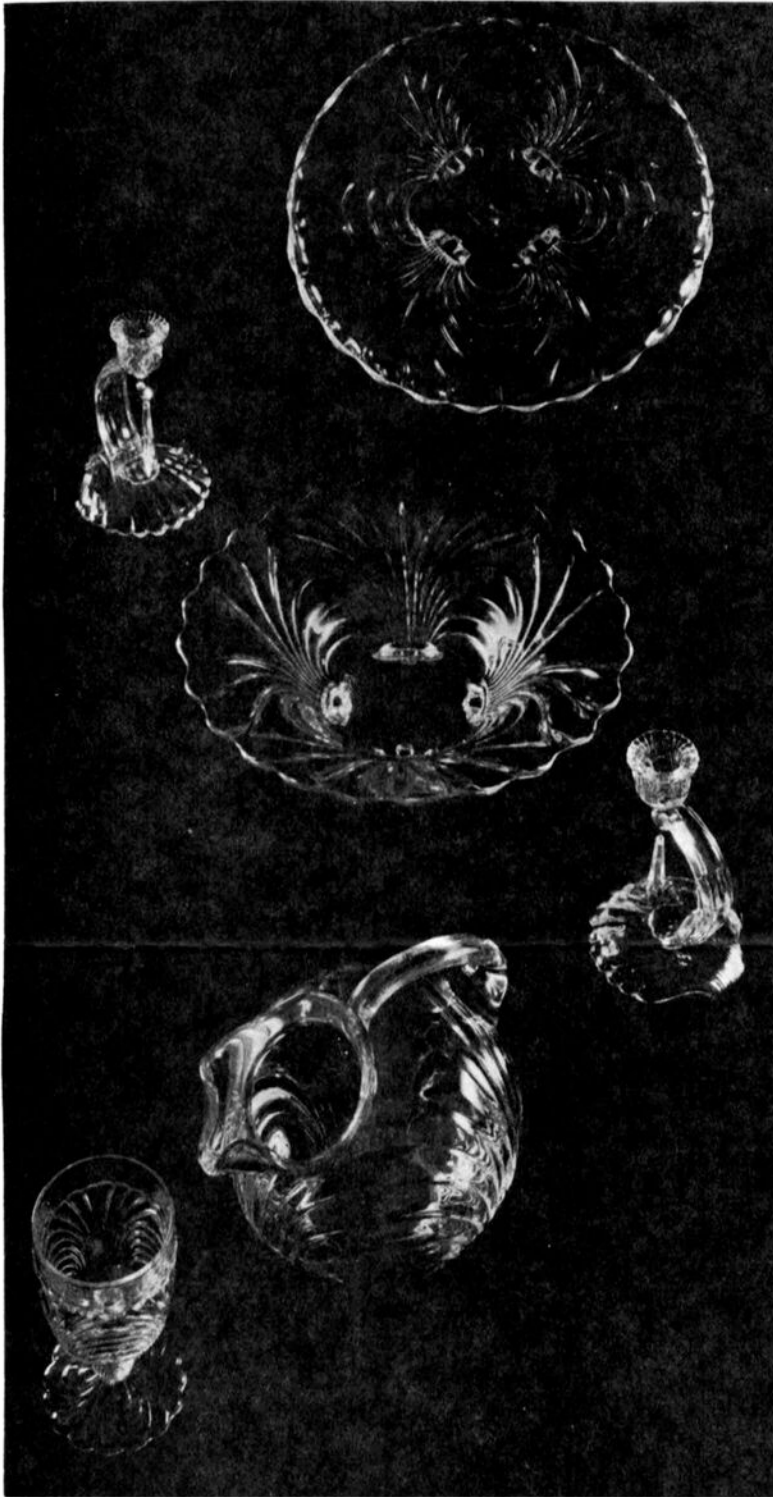

submitted by Luene Brandt

QUARTERLY MEETING

The February Quarterly Meeting will be held in Cambridge, Ohio, on Friday evening March 2, 1979. As this issue of the Cambridge CRYSTAL BALL is going to the printer early, final arrangements have not yet been completed.

Complete details as to location and program will be included with the special mailing of the Auction Catalog.

Please mark your calendar and make plans to attend this Quarterly Meeting.

Caprice Folder on Request

"Caprice" PATENTED

A CAMBRIDGE CREATION STYLED TO SELL

Full stock of "Caprice" assures continued profit and turnover. Cambridge's new 1937 market presentations are now ready. All styled for successful dealer selling. Be sure to see them. Sell Cambridge Glass and profit from established consumer acceptance — why take chances on lesser known lines?

1937

Research

by Phyllis Smith

Researching Cambridge Glass can be fun, as well as a most rewarding way to spend part of our spare time. Several of our members have been spending time at this worthwhile endeavor during the past several months and have been kind enough to share the fruits of their labors with us.

The next few pages contain some of the advertisements they have clipped from old magazines.

SEEN IN LEADING STORES

Caprice CREATED BY Cambridge

● Stores whose advice you value are recommending *Caprice*—because it is exquisitely lovely in itself, because it harmonizes so well with any setting, because you may add to it from an endlessly interesting variety of 150 different pieces—all in this same design and in your choice of either crystal or delicate, pure "Moonlight" blue.

Glowing with the matchless and permanent brilliance of true Cambridge crystal, *Caprice* offers you the opportunity to acquire an original *hand-made* Cambridge design, which is patented and exclusive, at a price most astonishingly modest. Other Cambridge originations offer these same advantages. *THE CAMBRIDGE GLASS COMPANY, Cambridge, Ohio.*

HAND
MADE

LADIES HOME JOURNAL, April 1937

Caprice..

MOST POPULAR OF AMERICAN INSPIRATIONS

More than 150 pieces to choose from.

See Caprice at your favorite store. Ask also to see Cambridge Etched or Cut Rock Crystal.

The Cambridge Glass Company
Cambridge, Ohio

Cambridge

HAND MADE GLASS

Research of any type takes a certain amount of time and planning. Should some of you be interested in looking up advertisements in old magazines, you are first going to have to locate the magazines. We suggest you try yard and garage sales, flea markets, and old book and magazine stores.

LADIES HOME JOURNAL
March 1938

Look for such titles as Ladies Home Journal, House & Garden, Better Homes & Gardens, American Home, House Beautiful, China, Glass & Lamps, etc. As you can see by the dates listed here, this type of advertising started in the early 1930's and continued until 1958.

One word of caution! Be sure to leaf through any magazine you find before buying it. The Cambridge Glass Company did not advertise in all issues, so it would be best to check before investing your money.

Caprice
"WOMEN NAME IT
AMERICA'S
MOST BEAUTIFUL
TABLE CRYSTAL"

The pure and graceful shapes of this enchanting crystal, accented by rippling waves of brilliant light, have made Caprice the favorite tableware of America's smart hostesses. Modern in feeling — yet of a timeless beauty that will continue to delight as long as women treasure fine handmade crystal. Caprice is easy to clean, unusually safe to handle, and surprisingly inexpensive. The Cambridge Glass Co., Cambridge, Ohio.

LADIES HOME JOURNAL, 1941

Caprice...
like the enchantment
of RIPPLING WATER

Twirl a Caprice goblet in your fingers and watch the waves of light that play and ripple in its lovely crystal. Never before has any crystal achieved such life and movement—or held such fascination. It is today's most popular pattern. Choose from over 150 open stock pieces, in permanently brilliant Clear, LaRosa pink or wondrously subtle Moonlight blue crystal—each handmade by Cambridge, yet very modestly priced. Ask your store to show you Cambridge Etched and Cut Rock Crystal, also.

The Cambridge Glass Co.

AMERICAN HOME, May 1939

Cambridge

Hand Made Crystal

Whatever you do, don't overlook your local Library when giving consideration to research. It is always the fondest hope of each of us that we will be the lucky one to walk in and find an old Cambridge Glass Catalog that was stuck on a back shelf and forgotten long ago. Of course, it would be even more wonderful if it could turn out to be one of the catalogs that we, as a Club, have yet to find!

Our most sincere appreciation and "THANKS" are hereby extended to those who have shared their research material with us this month. They are: Joseph Andrejcek, Ohio; Doris and Roy Isaacs, California; Steve Poskochil, Nebraska; Lillian Robinson, New York; and Gwen and Billy Shumpert, Mississippi.

LADIES HOME JOURNAL
October 1938

150 REASONS
WHY WOMEN CHOOSE
Caprice..

Few patterns in hand-made crystal have pleased so many women as Caprice. Thoroughly American, at home in any setting, its lovely curves bring out the famed brilliance of the Cambridge Crystal. Yet it is one of the most inexpensive and practical of patterns—unusually easy to clean and safe to handle. Think, too, of having 150 open stock pieces to select from—in Crystal, Moonlight blue or La Rosa pink. Each is a new and different reason why you, too, will love Caprice.

Cambridge patterns, including Hand Etched and Cut Rock Crystal, are patented and exclusive.

BEAUTIFUL TODAY
... AND ALWAYS

Caprice

"A thing of beauty is a joy forever"—how expressive is this thought of Caprice, America's most popular crystal pattern! For this fascinating design, so richly beautiful in delicate contours and brilliant swirls, is ever in good taste for either formal or casual dining. Inexpensive, easy to clean, safe to handle. The Cambridge Glass Company, Cambridge, Ohio.

"You can choose from more than 150 open stock pieces—in Crystal, Moonlight Blue or La Rosa Pink."

Caprice...
Crystal Beauty in a SWIRL of LIGHT

Like a sun-lit font welling from cool, quiet depths, Caprice fascinates the eye with brilliant, rippling beauty. A truly classic design by Cambridge, it is today's most popular pattern. Impressive in any setting, practical, modestly priced. Choose from over 150 open stock pieces in Crystal, Moonlight Blue, or La Rosa Pink. Your dealer will also show you Cambridge Etched, Rock Crystal and Decorated patterns—each of them distinctive, handmade creations of exclusive design.

PRISTINE

ORIGINAL INTERPRETATIONS OF THE "MODERN" THEME

To those who delight in the beauty of pure form and line, the possession of Cambridge Pristine will give exceptional pleasure. Each piece reveals fully the matchless brilliance and clarity for which Cambridge Crystal is famed. Typical of a wide selection are the goblet, vase, candle holder, crimped bowl, footed bowl and cornucopia shown. Priced reasonably at good stores everywhere. The Cambridge Glass Company, Cambridge, Ohio.

Magnolia

fleeting beauty etched forever in Crystal by

Cambridge

Hold Magnolia in your hand . . . lights and shadows play colorful hide and seek over delicately etched blossoms. Set Magnolia on your party table . . . eyes light up at the promise of good things to come. Give Magnolia to your favorite bride-to-be . . . good stores will tell you that place settings by Cambridge are the most treasured of gifts. The Cambridge Glass Co., Cambridge, Ohio.

Buffet plate, \$7. Goblet, \$2. Oil cruet, \$3.75. Mayonnaise set, \$5. (Prices slightly higher Denver and West.)

Cambridge . . . fine American hand-made crystal

HOME BEAUTIFUL, October 1953

* auction *

Auction plans are now in their final stage and it should be an outstanding event, according to Auction Chairman Lynn Welker.

The Auction Catalog should be in the mail to our membership before February 15th. This will enable those of you who live too far away to attend, to send in your mail bids. Those of you who will attend, will have an advance opportunity to decide on just what pieces you would like to add to your collection.

Plan to come early and attend the Quarterly meeting on Friday evening. It is hoped that the bulk of this bad weather will be behind us by that time. Please refer to ad on page 16 for complete details.

Replacements Named

Several changes have been made recently within your Board of Directors. President Smith has made two new appointments to this Board, necessitated by the recent resignations of David McFadden and Doris Isaacs.

Donald E. Armbrrecht of Avon Lake, Ohio, has been appointed to fill the unexpired term of David McFadden, and Willard P. Kolb of St. Clairsville, Ohio, was named to complete the term of Doris Isaacs.

Mrs. Ruby Landman of Ashland, Ohio, was elected by your Board of Directors to complete this year as Treasurer. This position was also left vacant by the resignation of Mrs. Isaacs.

The press of business has made it necessary for Mr. McFadden to resign and Mrs. Isaacs and her husband have recently moved to California, hence her reason for leaving the Board. Both of these people were assets to your Board of Directors and will be greatly missed.

"Let's Get Acquainted" articles will be in forthcoming issues of the CRYSTAL BALL, so that you may become better acquainted with both Mr. Armbrrecht and Mr. Kolb.
