

Three piece Table-Centre
in Candlelight

A Useful
and
Attractive Vase
in
Candlelight

Modern table linens, china and silver, require glassware that blends into the general motif of the new fashions. "Candlelight" does that perfectly, it is modern without being modernistic and classic without being entirely Grecian. Its thin but sturdy stem, flared brim, delicate etching and long curving lines, are all created in the new spirit of modern table settings.

"Candlelight" also represents a new treatment in etching, lightly done, it gives a polished appearance, very different and delightful. A complete table service or a single decorative or useful piece will be highly cherished.

This pattern will be available in open stock for many years, affording opportunity for additions and replacements.
