**BREAKAGE**—As we have all our glass put up by experienced packers, in the most neat and careful manner, we make no allowance for breakage, our Bills of Lading being guarantee of good order when shipped; also, that number of packages called for were shipped, and whatever is short should be deducted from freight bill before payment is made to transportation company.

### **BARRELS AND ORIGINAL PACKAGE LOTS.**

The term "Barrel Lots" designates that to get benefit of prices under this heading, the order must be for a regular size barrel containing the quantity designated under heading "Dozens in Barrel." "Original Package Lots," however, in some cases, are for less than a barrel and are as follows:

Napples, 3 in. to 5½ in. inclusive, 12 dozen constitutes a package.

Comports, 3¼ in. and 4 in., 12 dozen constitutes a package.

Pickles, 12 dozen constitutes a package.

Stem Ware under 4 oz., 12 dozen constitutes a package.

Salts, Shaker and Individual, 12 dozen constitutes a package.

Pressed Bar Tumblers. 12 dozen constitutes a package.

Blown Tumblers (light or sham), 3 oz. and under, 24 doz. constitutes a package.

Blown Tumblers (light or sham), over 3 oz. and less than 6 oz., 12 doz. constitutes a package.

Vases, less than 6 in., 12 dozen constitutes a package.

Custards, 12 doz. constitutes a package.

NOTE.—When a purchase amounts to more than an original package, then all over the regular package will be charged at regular package price.

In many cases there is no difference established between "Barrel or Original Package Lots," and in such cases you will find the prices the same under both headings.

CAPACITIES.—Capacity given is fluid measurement, of 16 ounces to the pint, and is as nearly accurate as possible, but we do not guarantee capacities.

CORRESPONDENCE.—Solicited in regard to any article of glassware.
