GLASSWARE

UR WARE IS GUARANTEED first class in every respect. We make, besides crystal or flint, Blue, Amber and Dark Green colors. Many articles listed herein can be made in any of the above colors, if ordered in sufficient quantities. When forwarding molds, models, or samples to us, please prepay charges. HAND ENGRAVED GRADUATES

We use in our engraving department a special device of our own which enables us to warrant the accuracy of our work. Each line on every graduate is determined separately and with the same precision. The principal lines except on double scale and sizes below one-half ounce extend entirely around the graduate. We guarantee each graduate as to accuracy of engraving and fine quality of glass.

Many of our customers desire to have their firm's trade mark or name etched on each graduate. We are prepared to execute this work at a cost of 15 cents per dozen net, plus cost of stamp.

All graduates packed in separate cartons which can be stamped with your name at a very small cost.

Graduates all shapes, are engraved all ways as follows:

Single American Standard in ounces.

Metric Standard in C. C.

Double Scale is for Single American on one side and Single Metric on the opposite side.
