Graduated "Standard" is the old method of graduating, with the principal lines extending entirely around the graduate.

Graduated "Leader" is the new method of graduating with none of the lines extend-

ing over half way around the Graduate.

To meet with the requirements of the Bureau of Standards of the U. S. A., it became necessary that we produce a new shape and this we have now named "Bureau of Standards," this shape having been approved by that Bureau and is standard for the

U. S. A.

THE FOLLOWING PRICES APPLY TO EITHER THE "BUREAU OF STANDARDS" "PERFECTION," "CONE" OR "BEAKER" SHAPES.

Each Graduate is packed in an individual carton and is guaranteed accurate.
