CIRCULAR LETTER #357:

We are sending you sample goblets of two new lines of stemware. These are #3078- 11oz and #3079- 11oz.

The colors we propose for these are: Amber, Forest-Green, Royal-blue, Amethyst and possibly Carmen.

The regular price is \$5.00 per dozen LIST

We propose to sell either of these lines on the same "Special" conditions as we gave you on the #3077 Stemware line in C/L #16- 1932- with which we sent you confidential pricelist, naming a special price of \$1.75 per dozen NET for plain and \$3.00 per dozen NET for Etched in lots of not less than 50 dozens.

Our reason for making these two shapes is to use them to replace the 3077 line where it has become rather old and overworked.

So far we have made molds for the goblet only in each line, and we do not think it necessary to have both lines, so upon receipt of the samples we ask that you give us your opinion of the two lines, tell us whether you need a new line of stemware of this class for you territory and if so, which of these two shapes you prefer.

A prompt reply is requested as we will not proceed with molds for other items to complete either stemware line until we have obtained a majority of opinion from you men.

CIRCULAR LETTER #415:
TO ALL AGENTS:

Please refer to C/L's #363 and 373, covering new Stemware Lines #3078 and 3079. No. 3079 has not sold very well, while the 3078 shape has sold very well -- so that we have been compelled to go ahead and make up the molds for a short line.

We attach herewith a list covering the various items that have been ordered in quantity which shows the molds that we so far have produced. Therefore, kindly advise if it will be satisfactory to substitute the #3078 line on any orders you may have sent us for the #3079 line.

By the way, also advise if you feel it will be necessary to make molds for any other items than those on the list herewith enclosed.
